If you can dream it

Managed & operated by

Veronica Canete-Kwasigroch

" Since childhood I have always dreamed of creating beautiful cakes, pastries and out-of-the-ordinary creations. I love that people call me for unusual cakes. I enjoy taking classical pastries and giving them my personal Latin twist. "

Pastry Shop Owner

Veronica attended Kendall College where she received an associate's degree in culinary arts, along with Kendall's Furby Award and Escoffier Award in 2005.

After graduating, Veronica and a couple of partners started to put together a food-to-go and bakery business and opened their shop in January 2006. She is in charge of the bakery department, making wedding cakes, special occasion cakes, and everyday bakery products. As the bakery side of the business continued to enjoy incredible growth, Veronica decided to change the name of the business, eliminate the food, and focus solely on cakes and pastry. She renamed the business Dream Cakes, because it was a dream come true! She only works by appointment

and has specialized her business to fondant 3-D sculpted cakes, wedding cakes, and special occasion cakes, along with providing wholesale baked goods to restaurants and cafes, including all 16 Whole Foods gourmet grocery stores in Illinois. She also offers weekly culinary and baking classes at her facility.
